Re: *Ex Parte* Communication
Wireless E911 Location Accuracy Requirements-PS Docket
No. 07-114

Dear Ms. Dortch:

On July 21, 2011, Michael Amarosa, Senior Vice President, TruePosition, and I had a telephone call with David Furth, Deputy Chief, David Siehl, Senior Attorney and Patrick Donovan, Senior Attorney, all representatives of the Commission's Public Safety and Homeland Security Bureau. We also had a telephone call with Angela Giancarlo, Chief of Staff to Commissioner McDowell.

Our discussions addressed a federal lawsuit filed by TruePosition on July 20, 2011. We outlined the *Complaint's* allegations that conduct in an international standards setting body addressing Long Term Evolution (LTE) broadband technology sought to delay and preclude standardization of TruePosition's technologies and to eliminate competition from TruePosition. A copy of the *Complaint* filed in the United States District Court for the Eastern District of Pennsylvania and a press release is attached.

Respectfully,

A handwritten signature in blue ink, appearing to read "John E. Logan", is centered below the "Respectfully," text.

Copy to:

Mr. Furth, Mr. Siehl and Mr. Donovan

Ms. Giancarlo
